

# Standard LED bulbs

# Standard BC8A19/LED/GREEN/ND 120V

Standard LED bulbs are compatible with existing fixtures with a E27 holder and are designed for retrofit replacement of incandescent, halogen and energy saving bulbs. They deliver huge energy savings and minimize maintenance costs. The Standard LED bulb is the perfect bulb for your basic lighting needs. It provides the beautiful light and performance you expect from the LED technology at an affordable price.

#### **Product data**

| General Information                   |                                   |  |
|---------------------------------------|-----------------------------------|--|
| Cap-Base                              | E26 [Single Contact Medium Screw] |  |
| Nominal lifetime                      | 10,950 hour(s)                    |  |
| Lighting Technology                   | LED                               |  |
| EU RoHS compliant                     | Yes                               |  |
|                                       |                                   |  |
| Light Technical                       |                                   |  |
| Color Consistency                     | <6                                |  |
| LLMF At End Of Nominal Lifetime (Nom) | 70 %                              |  |
|                                       |                                   |  |
| Operating and Electrical              |                                   |  |
| Line Frequency                        | 60 Hz                             |  |
| Input Frequency                       | 60 Hz                             |  |
| Power Consumption                     | 8 W                               |  |
| Lamp Current (Nom)                    | 125 mA                            |  |
| Wattage Equivalent                    | 60 W                              |  |
| Warm-up time to 60% light             | 0.5 s                             |  |
| Voltage (Nom)                         | 120 V                             |  |
|                                       |                                   |  |
| Temperature                           |                                   |  |
| T-Case Maximum (Nom)                  | 179.6 °F                          |  |
|                                       |                                   |  |

| Controls and Dimming            |                                   |  |
|---------------------------------|-----------------------------------|--|
| Dimmable                        | No                                |  |
|                                 |                                   |  |
| Approval and Application        |                                   |  |
| Energy Consumption kWh/1000 h   | 8 kWh                             |  |
|                                 |                                   |  |
