Eco passport

14T5HE/46-840/IF21/G/DIM 10/1 T5

Philips T5 HE LED tubes offer an affordable, energy saving retrofit solution. The T5 HE lamps have been engineered to withstand the test of time with a 50,000-hour lifetime and a limited 5-year warranty to back it up. The lighting performance effectively replaces conventional fluorescent T5 HE lamps. Available as a Type A, plug-and-play replacement, Philips T5 HE TLEDs provide a variety of options for T5 HE applications.

Our eco passport

Signify leads the way to brighter lives and a better world. As part of the design process, we innovate to reduce our environmental impact by taking climate action and by focusing on circularity and bring wider benefits to the world we operate in via social aspects as food availability, health & wellbeing, and safety & security.

We know this is important to you too. So we have developed an eco passport explaining the environmental and social performance of our products in eight Sustainable Focal Areas, developed through our Sustainable Design process since 1994.
