

PHILIPS

Eco passport

LED highbay sensor accessory

LED Highbay

Philips LED high bay lamps are a direct replacement for 250W to 400W metal halide lamps which will deliver substantial energy savings. Philips LED HighBays delivers bright, clean light for a fraction of the energy used by conventional HID.

Our eco passport

Signify leads the way to brighter lives and a better world. As part of the design process, we innovate to reduce our environmental impact by taking climate action and by focusing on circularity and bring wider benefits to the world we operate in via social aspects as food availability, health & wellbeing, and safety & security.

We know this is important to you too. So we have developed an eco passport explaining the environmental and social performance of our products in eight Sustainable Focal Areas, developed through our Sustainable Design process since 1994.

Energy

- Dimmable: No

Circularity

- Nominal Lifetime (Nom): 50000 h

Packaging

- Copy SAP Weight Paper Unit (Case): 0.218 lb
- Copy SAP Weight Paper Unit (Piece): 0.035 lb

Substances

- EU REACH SVHC declaration: Yes
- EU RoHS compliant: Yes

Weight & Materials

- Copy Net Weight (Piece): 0.084 lb
